## Job Description

Play a pivotal role in coordinating systems schedules, planning, testing and supporting specific projects, improvements, report development and upgrades on finance systems.

As a Finance Systems lead, you'll bridge the gap between clients and the software system, understanding issues, developing solutions, and explaining limitations. This role will manage the ERP and Financial System department in driving companies experience and growth.

### Meet adhoc requirement from the management

#### Team Leadership:

- Build and lead a high-performing team of financial professionals.
- Provide coaching, mentorship, and professional development opportunities.

### Desired Profile

- Bachelor's degree in finance, accounting, or a related field (Master's degree or CA is a plus).
- Extensive experience in financial management, accounting, or auditing, with at least [10] years in a leadership role within an NBFC or financial institution.
- Strong knowledge of financial systems, regulations, and reporting standards.
- Excellent leadership, communication, and interpersonal skills.
- Proven ability to strategize and solve complex financial challenges.
